Day Twenty-Five

Praying for our Family

As life unfolds our families are faced with challenges that impact our entire household's balance and structure. Illness, career struggles, school issues, neighbors, finances, untimely deaths...the list of significant events go on and on. During times like these a family can turn to God to help find guidance, comfort, and decision-making wisdom in the midst of difficult challenges. A legacy of God answering prayer can encourage both ourselves and our children as we learn to reflect upon God's kindness to us. Make your requests and record the results as the years unfold!
