

## TWISTING THE TRUTH

*In our current world climate truth has been determined to be a moving target. How many times have you heard someone say “that’s your truth,” implying that truth is what you decide it should be?*

**Is there such a thing as truth?**

John 18:36-38

John 8:31-33

**Did Jesus represent the truth with 100% accuracy?**

Hebrews 4:14-16

**How have you observed truth getting twisted? Why?**

**What did God value about Job?**

Job 42:7-8

**How would you define a “destructive philosophy?”**

Colossians 2:8

**What does it mean to “add to or take away” from what God has written?**

Revelation 22:18-19

**What constitutes false teaching?**

Titus 1:10-16

Jude 12

**Why should we be on our guard when it comes to philosophies and hybrids of truth? How can we determine authenticity? False teaching relies upon ignorance of the God Story. Most deviations from truth depart in definite ways from what the Story reveals.**
