Friend,

It is my belief we are in need of authentic, organic awakening in our city and state.

I believe such an awakening can be encouraged through:

- prayer and support for authentic **good** wherever it is manifested
- actively engaging questions to which we all owe ourselves answers
- recognizing the connection between **personal story** and the bigger Story
- resurgence in **understanding** the God Story
- increased personal encounter with the supernatural aspects of **Jesus' teaching**
- faithful and fervent **prayer** to God to raise up workers for the Harvest

The greatest awakenings in America have occurred in conjunction with the prompting of the Spirit to pray, to understand and recognize the power of The Story, and to connect with the heart-longings of our neighbors.

We invite you to join other men and women in our Iowa community who are diligently asking the Living God to supernaturally awaken our Iowa neighbors.

Here are a few great awakening passages:

Ephesians 5:14; Jonah 3:5-10; John 4:34-38

THE POWER OF GOOD

1. All true goodness originates from our Creator (Luke 18:19)
2. Goodness shared multiplies (Matthew 25:21; Luke 6:45)
3. Goodness lived awakens (Hebrews 13:16)

We have been sown throughout our community to cultivate faithfulness. And we are doing so! Isn't it time for our city to awaken from slumber?
