

## **GOD & HIS WORD**

One of the striking things about God is His revelation of Himself. If we cannot believe His Word we are in world of hurt. It is important for each of us to do our own thinking when it comes to whether or not God has spoken. There are many other passages that comment on the place of God's Word in each human heart.

Romans 1.20 teaches us that God has specifically revealed Himself in nature.

“For since the creation of the world His invisible attributes, His eternal power and divine nature, have been clearly seen, being understood through what has been made, so that they are without excuse.”

What is the practical benefit of knowing God's Word? (per these passages)?
