

## **TRUE OR FALSE?**

There are many philosophies, both religious and secular. How do we decide what is true and what is not? What if someone is convinced and sincere about what they believe?

IS IT PURE? - can authentic connection be determined?

IS IT SIMPLE AND CLEAR? - Does it require “extra voices” to be understood?

IS IT TWISTED? - Does it hold to the sound teaching of the entire God Story?

### **Try these on for size: True or False?**

There are many ways to God.

Jesus is the founder of a 2000 year old religion (there are many older ones).

There are two testaments: one old and one new.

You can interpret the Bible many ways to get what you want.

The Bible needs added interpretations to explain it.

All holy books (all religions) are equal in status and teaching.

Social justice eclipses God's justice.

My truth is valid - because it is my truth.
