There is obviously something deeper to be understood about the loaves and how they were multiplied. What are they supposed to be understanding?

This blind man's healing is the only "two-step" miracle. What are the possible reasons for such a two-part process? Jesus begins to press His followers about His identity. The Jews were quite proud of their connection with Moses and Abraham. Why was this?

Why is Jesus so hard on the religious leaders of Israel?

DAY TWENTY-EIGHT

28

page 71 in the Streamsbook

(the two sons, the landowner, the wedding party) What is the trap being set with the question over paying taxes to Ceasar?

My Story

Together we have read about this truly miraculous life. You have examined firsthand who Jesus claimed to be and what many eye witnesses said He did. His prophesied birth, His choice to be born into this world, His teaching, His miracles, His sinless life, and finally His Living work in every decade since His resurrection all lead us to several key questions.

Do I personally believe that Jesus is indeed God's Son?

Do I believe that God sacrificed His own Son to buy me back from death?

Do I believe that I am eternally lost without Him?

Have I submitted my will to my King and called upon the Father to deliver me from eternal separation and death?

There are no eloquent words that can make the Father listen, no deeds of kindness I can do that will buy favor with Him...I must come through the Door of the sheep, recognizing that God in Christ is the only way I can find eternal life.

I must repent of being separated from God. I must embrace the Son, and commit and submit my will to the One who can deliver my life and my soul, and give me the gift of eternal life.

Welcome to the crossroads of mortality and eternity.

The choice is yours!
